Practical information:

If you have questions, send an e-mail to Joan Peuteman (joan.peuteman@kuleuven.be).

Invitation letter:

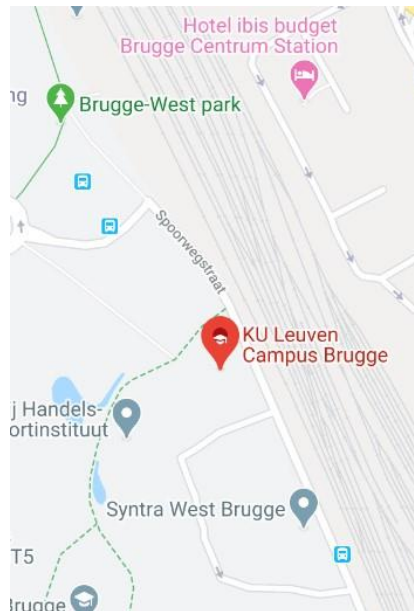

If you need an invitation letter, please send an email to Joan Peuteman (joan.peuteman@kuleuven.be) with the suggested text. We will take care of that invitation letter with stamps of KU Leuven.

Place of venue:

KU Leuven Bruges Campus: Spoorwegstraat 12, 8200 Bruges (Belgium). The campus is located very close to the railway station of Bruges. You can see the campus from a number of platforms of the railway station.

A detailed map with the location of the campus nearby the railway station of Bruges.

Global map of the old city center of Bruges with an indication of the location of the KU Leuven Bruges Campus.

Arrival:

Although access is possible from airports outside Belgium, two airports in Belgium are important:

- 1) [Brussels Airport](#) (Zaventem):
 - Having arrived at the airport, you can go to the railway station nearby the airport. You can take several trains to Bruges (tickets can be bought in the railway station itself). All trains going to “Knokke-Blankenberge” and “Oostende” also stop in Bruges (Brugge). IC Intercity Trains are sufficiently fast.
 - Information about the trains can be found on the railway company website [NMBS](#). On that website you can find information of the trains with departure from “Zaventem, Luchthaven Brussel Nationaal” to “Brugge”.
- 2) [Brussels South Charleroi Airport](#) (Charleroi which is actually another city than Brussels):
 - Having arrived at the airport, possibly the most easy way to travel to Bruges is taking a [FLIBCO](#) dedicated bus. On that website you can find information of the buses going from the airport to Brugge. The bus stops in Bruges very close to the railway station and the KU Leuven Campus. Select bus from “Charleroi Airport (CRL)” to “Brugge”.

There are other means to arrive in Bruges but the two possibilities discussed here are comfortable.

Accommodation:

There is a Youth Hostel quite nearby the KULeuven campus in Brugge:

<https://www.jeugdherbergen.be/en/bruges/contact> (a distance of approximately 1.5 km removed from the railway station which is very close to the campus).

Car parking:

When participants want to arrive in Bruges by car, they are able to use the private car park of the KU Leuven Campus (for free). They need a numerical code to enter the car park. Ask the numerical code to Joan Peuteman (joan.peuteman@kuleuven.be) since the code changes with respect to time.

PARTICIPANTS: 3 universities each sending 4 students
