

STUDENTS TRAINING “CybPhyS”

OUR TEAM

**Mykhailo
Diachenko**

**Yakym
Poliakov**

**Hanna
Hnatova**

**Artem
Kosse**

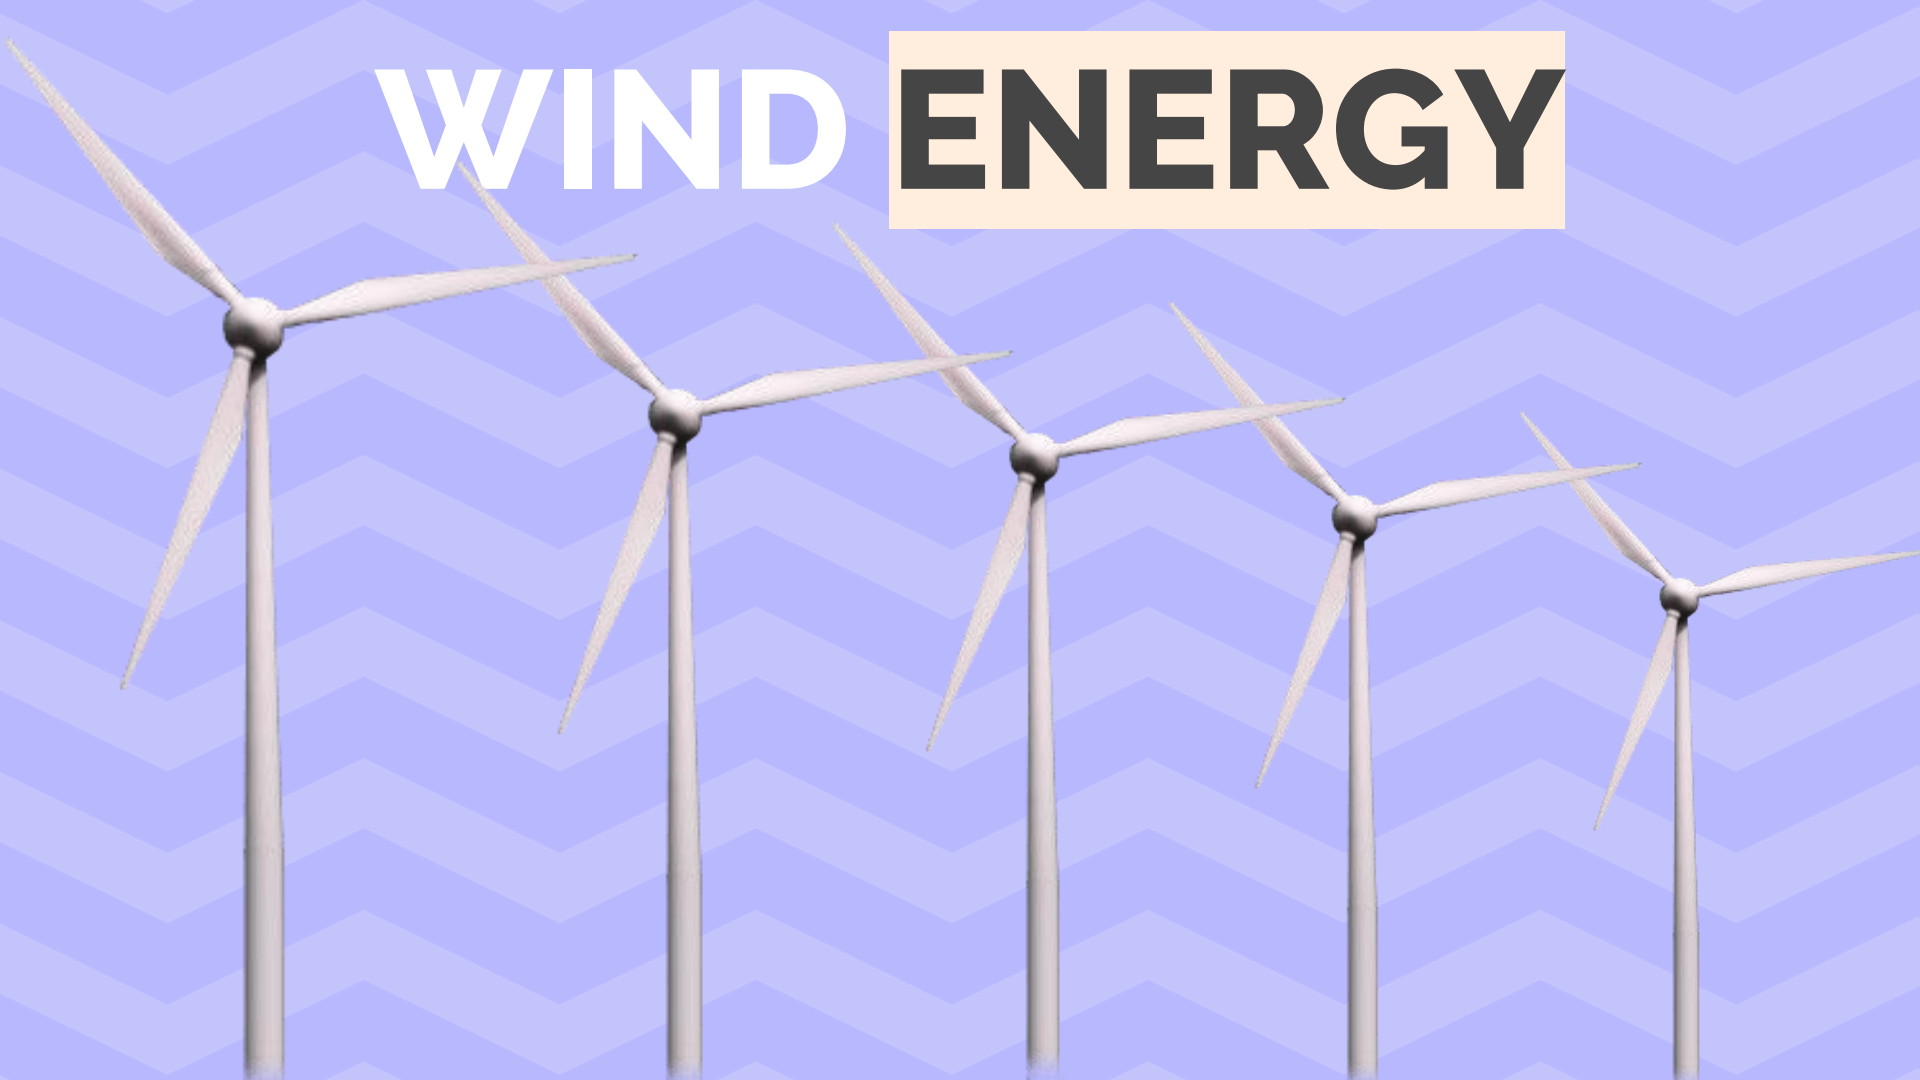

TODAY'S AGENDA!

- What Did We Learn?
- What Did We Enjoy?
- What Did We Dislike?
- Q&A

WIND ENERGY

Introduction to the use of **biodiesel**

Bluetooth Low Energy

What?

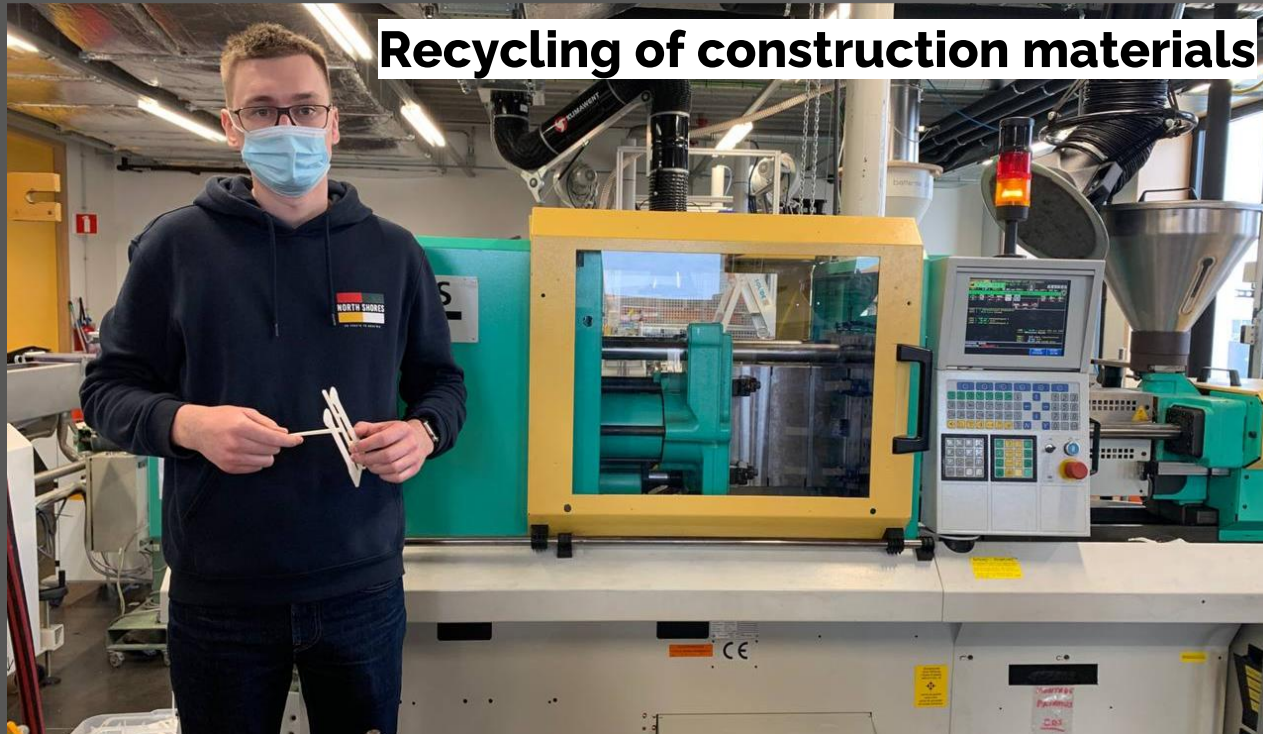

Bluetooth Low Energy is a wireless, low-power personal area network that operates in the 2.4 GHz ISM band.

Why?

In contrast to classic Bluetooth, BLE is designed for significantly lower power consumption.

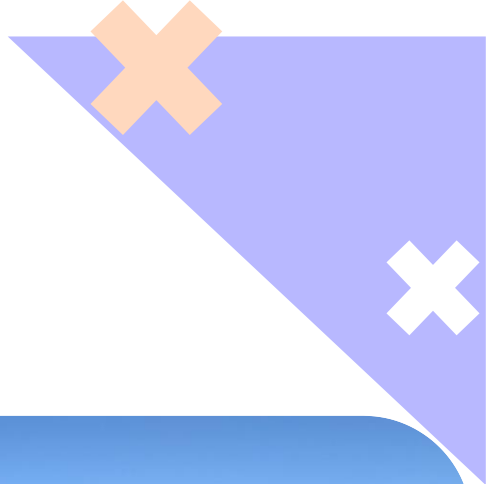

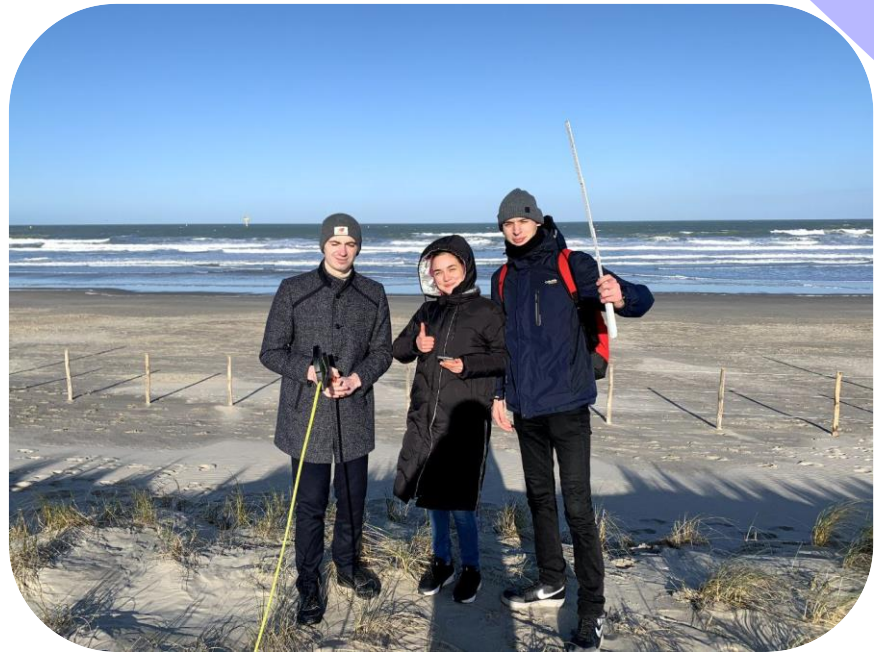

Recycling of construction materials

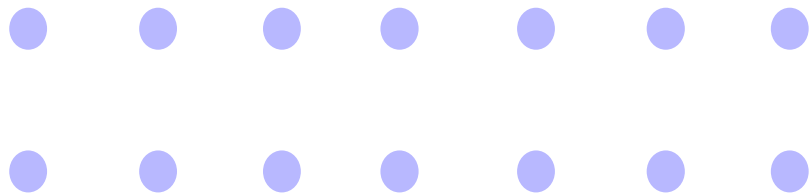

* Ivan, thank you for modeling!

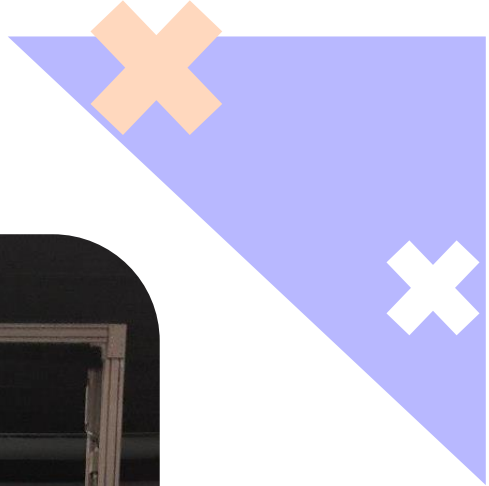

FORT NAPOLEON
