Subject: RE: SMSE workshop - summary

Dear colleagues,

Thank you for participation in the workshop devoted to development and acquisition of SMSE! Thank to Volodymyr Kazymyr and Oleksandr Drozd for preparation and managing of the seminar!

At the workshop we agreed the next steps:

1. On-line workshop will be arranged by CPNU in February – March. The date of WS will be confirmed by CPNU with the project partners by the end of January.
2. CPNU and partners will make preparation to WS in Bruges on “[Acquisition of SMSE – eLearning platform](#)”. Since each Ukrainian (EU partners are welcomed!) should develop at least one laboratory work on SMSE, participants of the workshop should fulfil [a homework before WS in Bruges](#). CPNU will prepare in advance home task and recommendations before WS.

Best regards,
